Re: C-5 Maintenance Hangar and Shops Facilities

Dear Mr. Rininger:

I would like to personally extend my appreciation for MK Concrete Construction's performance on the C-5 Maintenance Hangar and Shops Facilities project in Martinsburg, West Virginia. The service and support provided by your project team, led by Chuck Brandenburg, Whitney Wells, Bruce Snyder and Tim Jones, was exemplary. It is very commendable that despite the fact your foundation and slab on grade work occurred over the better part of the winter, your work was always performed on schedule, in a safe manner and of high quality.

I look forward to working together with MK Concrete Construction on future projects. Please pass my gratitude on to Chuck, Whitney, Bruce and Tim.

Sincerely,  
**CLARK CONSTRUCTION GROUP, LLC**
